BUFFET & DISPLAY

The term “buffet”, both as a presentation of food and as a piece of furniture used to display food and pottery, derives from a character who really existed and lived in the early sixteenth century, Pierre Buffet, cook of Francis I, King of France.

Il termine “buffet”, sia come presentazione di vivande, sia come mobile usato per esporre cibi e vasellame, deriva da un personaggio realmente esistito e vissuto ai primi del Cinquecento, Pierre Buffet, cuoco di Francesco I, Re di Francia.
