Christian Gianaris • National Beverage Director • **PPX Hospitality Brands • Legal Sea Foods • Boston, MA**

"I've been around the bar since I was 19, and throughout my career, it has always been a focus. Our goal has been to create an experience where people can come in, have fun, relax, and enjoy high-quality seafood and beverages. With three floors of seated dining, a second-floor event space, and a third floor dedicated to beverages, every detail matters. Recently, we rolled out a completely refreshed beverage program, which included a new glassware program. We wanted glasses that everyone would enjoy—pieces that look great, feel good in your hand, and inspire the recipes, rather than designing recipes to fit the glassware. After all, the first thing we do is eat and drink with our eyes. Our relationship with Steelite has been strong for many years, whenever I have questions or need support, it's always handled quickly and efficiently. That partnership helps us deliver a seamless experience for our guests, from the drinks to the dining."

Connie DeSousa & John Jackson • Co-Executive Chefs • **CHARCUT • Calgary, Alberta • CHAR Hospitality Group**

"At CHAR Hospitality Group, it's all about evolving simple ingredients and finding the perfect plate to present them," shared Connie DeSousa. "CHARCUT, our flagship restaurant in Calgary, celebrates Alberta's world-renowned beef and handcrafted pasta. When we opened, we wanted tableware that matched our commitment to quality—and that's where Steelite came in." John added, "Our first introduction to Steelite was in a luxury hotel in America, where we were amazed that even the banquet plates looked like they belonged in a fine dining room. I remember dropping one, and it didn't break. That was the first time we experienced plates that combined style with durability. Now, everything we use is Steelite. It's not just about durability; it's about having a beautiful canvas for our chefs' creativity. Steelite is always moving forward, staying current with trends, and that's why they're such an essential part of our restaurants."

Ashley Grim • Regional Executive Chef • **Lainey Wilson's Bell Bottoms Up • Nashville, TN**

"As a chef, I've always believed that the first thing a guest does is look at the dish. If the presentation excites them, they'll be even more excited to taste it," shared Chef Grim. "That's why it's so important that the plateware shines just as bright as the food, and Steelite makes it pop. When we opened Lainey Wilson's in the summer of 2024, we wanted something colorful and playful matching the restaurant's vibe. Steelite's plateware and glassware helped us capture that energy. The Steelite team was always quick to respond and ensured we had everything we needed. I've been a chef for over 10 years, but my love for cooking started young, baking Christmas cookies with my dad and battling my brother with crazy culinary concoctions. Now, whenever I'm looking at a new menu or opening a restaurant, I always go right to Steelite. They've been an incredible partner in helping us elevate the food scene in Nashville."

Chef Henry Wesley • Executive Chef • **Hotel Bourré Bonne • Downtown Louisville, KY**

"I fell in love with cooking when I was young, experimenting in the kitchen with my dad and learning how ingredients can be transformed into something memorable. Today at Hotel Bourré Bonne in downtown Louisville, our steakhouse and rooftop bar features upscale French-inspired cuisine with a Kentucky influence, highlighting local beef, lamb, and regional ingredients. For me, presentation is everything; guests eat with their eyes first, and Steelite helps elevate that experience. The plates feel refined yet durable enough for a busy dining room, giving us confidence in service while still delivering a polished, high-end look. It's the perfect balance of elegance and performance, and it aligns beautifully with the elevated standard we strive for at Hotel Bourré Bonne."

Jerrad Krzywonos • Executive Chef • **Wildflower Social • Hilton Niagara Falls • Niagara Falls, ON**

"Wildflower Social at the Hilton Niagara Falls Fallsview Resort offers a modern, vibrant dining experience with live music and a creative menu blending traditional American dishes with international influences. With over 26 years in the culinary industry, I'm passionate about crafting memorable dishes that bring people together, and Steelite products have been invaluable in bringing these creations to life. The wide variety of plates, ramekins, and large rimless pieces allows for precise, elegant plating that elevates both presentation and the overall dining experience. Serving hundreds of guests daily, the products hold up beautifully while enabling creativity and finesse on every plate. Steelite helps make every dish as visually impressive as it is flavorful, supporting the welcoming, celebratory atmosphere at Wildflower Social."

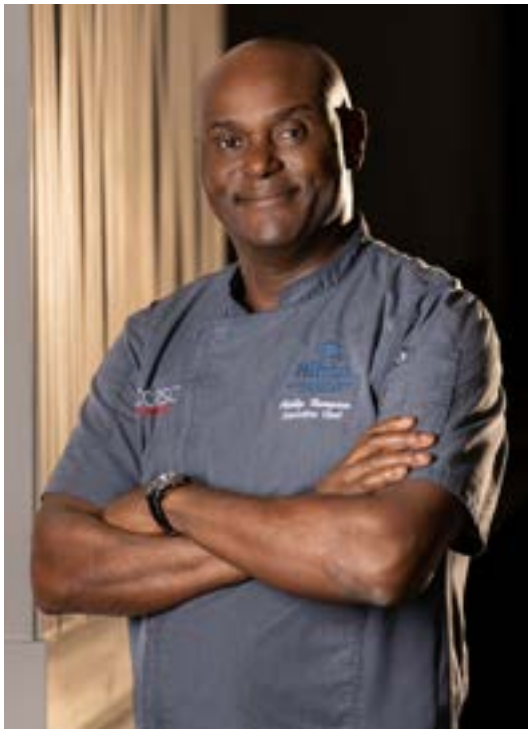

Bernon Sacasas • Executive Chef • **Watermark Fallsview Dining • Hilton Niagara Falls • Niagara Falls, ON**

"At Watermark Fallsview Dining, guests enjoy Mediterranean-inspired cuisine with Scandinavian touches, paired with breathtaking views over Horseshoe Falls and the U.S. Falls. With more than 35 years in kitchens around the world, I've learned that food is about passion, finesse, and simplicity. That's why Steelite has become such an essential part of our presentation. Their plates are light, clean, and beautifully balanced, elevating even the simplest dish. The fine bone china from William Edwards is exceptional, sleek, refined, and effortless to carry in a high-capacity dining room like ours. Guests eat with their eyes first, and Steelite helps create that 'wow' moment before the first bite. From plateware to cutlery to the full range in the catalog, everything supports the polished, memorable experience our diners come for."

Phillip Thompson • Executive Chef • **Corso Hilton Niagara Falls • Niagara Falls, ON**

"Corso Restaurant at the Hilton Niagara Falls offers Italian family-style dining where every dish is made from scratch with care and creativity. With over 35 years in the culinary industry, I focus on letting quality ingredients shine. Steelite products have been essential in presenting our food, with a wide variety of plates, bowls, and ramekins that allow us to mix, match, and create visually appealing presentations. Lines like Craft and William Edwards provide the perfect balance of beauty, lightness, and functionality, making plating easier while elevating the guest experience. Steelite has grown with us over the years, helping us deliver dishes that impress, whether for family-style dining or our new á la carte menu. Their quality, versatility, and elegance make them indispensable at Corso."

Chef Jose Sosa • Chef Partner • **The Greggory** • **South Barrington, IL**

"I started cooking when I was 16, and it quickly became my passion. At The Greggory, we focus on classic American cuisine over an open fire, highlighting quality seafood and steaks. Working with Steelite has been amazing. The showroom in Chicago lets us handpick and customize plates, including pieces with our logo, and their team guided us through the process to make sure everything was just right. The tableware not only elevates presentation but also holds up in a busy restaurant, making service seamless and helping us create a memorable experience for every guest."

Chef Paul Bartolotta • Chef, Owner & Co-Founder • **Bartolotta Restaurants • The Commodore • Lake Country, WI**

"At The Commodore, we wanted to bring back a sense of history while keeping everything relevant and modern. Our menu nods to classic dishes, from Beef Wellington to Oysters Rockefeller, presented in a way that feels current. We've worked with Steelite for years, their William Edwards patterns are beautiful, light, and resilient. The bone china shows off our food, and their support and replacement program makes custom pieces easy to manage. Beyond the restaurants, I serve on the culinary council for Team USA and mentor young chefs through the Bocuse d'Or program. Having Steelite tableware allows us to create a professional, high-quality experience for events and competitions, and to teach the next generation about excellence and presentation."

Rino Perruzza and Zachary Barnes • Founder and Chef • **The Imperial • Toronto, ON**

"Our space is a restored 140-year-old heritage church in Midtown Toronto, and after five years of renovation, we created a modern, luxurious event space and bistro that blends old-world charm with a contemporary Italian dining experience. Bistro 1888, our intimate restaurant, and our larger event facilities allow us to serve both approachable family-style dishes and fine dining experiences. Steelite was the perfect choice for us; their plates, stemware, and flatware matched our vision, providing quality, elegance, and versatility that complement both our bistro and banquet spaces," said Founder Rino Perruzza. Chef Zachary Barnes continues, "As the chef, I rely on Steelite's plates to showcase Italian and French-inspired dishes with precision and style. The design and durability make every service, from casual bistro meals to large weddings, seamless and visually striking, giving me the freedom to highlight flavors and presentations effectively."

Chef Michael Angeloni • Executive Chef and Operating Partner • **Berczy Tavern • Toronto, ON**

"At Berczy Tavern, we serve Mediterranean-inspired dishes in a warm, lively space with live piano and a focus on simple, thoughtful ingredients. Growing up, cooking with my family shaped my approach to food, and that same philosophy guides the restaurant today. When selecting plateware, Steelite stood out for its clean, elegant style that lets our dishes shine. Their variety of lines allowed us to mix bone china, wood, steel, and classic whites to create a presentation that feels authentic to the space. The team was incredibly patient and collaborative, helping us test pieces in the restaurant until everything felt right. The final mix gives every dish, from snacks to mains, a beautiful, cohesive backdrop that elevates the entire experience."

Chef Jenner Tomaska • Executive Chef & Partner • **The Alston • Chicago, IL**

"At The Alston, we wanted to redefine what a Chicago steakhouse could be. It's still steak and potatoes, but with French influence, modern touches, and over-the-top moments. Everything, from tableside bread service to the plated dishes, is designed to create an experience, not just a meal. We've worked with Steelite for years. They helped us customize plateware, from branded chargers to our logo bread-and-butter plates, so every detail enhances the guest experience. The plates feel refined but are incredibly durable, and their support and replacement program is unmatched. That partnership helps us deliver a seamless dining experience for our guests."

Koto ☆☆☆☆☆

David Kinch

A Daring Pattern for a Dramatic Presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

Ink ☆☆☆☆

Beautifully Fractured Linear Patterns

Crackle patterns have a long and distinguished history going back many years. Crackling occurs when the glaze contracts on the surface of the clay body, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in Crackle Taupe, Crackle Black and Crackle Grey, Ink will add texture and color to casual and contemporary food presentations, and is aesthetically compatible with both plain white and many of our craft inspired ranges.

☆☆☆☆ Urban

Heightened Senses, Amplified Presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

Craft ☆☆☆☆

Inspiring Individuality and Eclecticism

Craft was the first range to define the look and feel of the ultimate artisan-inspired collection when it launched into hospitality markets over twelve years ago. Designed to provoke an emotional response to food from both chef and diner, Craft draws on centuries of craftsman heritage and fuses it with today's best glaze and manufacturing technologies. Rich, hand-applied glazes and natural kiln reactions create beautiful, chance effects that make every piece feel unique. With gem-like finishes paired to simple, timeless forms, Craft delivers rustic "joie de vivre" while remaining tough and durable for the demands of modern, high-volume restaurants.

Nordic ☆☆☆☆

Simple, Yet Sophisticated

The Nordic region has become synonymous with a chef's skill in utilizing the very best local ingredients to develop a dish, and then presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform and the Nordic range encompasses these shared design values. The simple yet sophisticated plate profile allows the chef space to present dishes that can 'breathe' while simultaneously being framed by a deep, gently curving rim. The result is a beautiful surface to showcase some of the most innovative and influential cuisine.

The Art of Imperfection

Introducing the Wabi Sabi collection. Combining his simplistic porcelain shapes with reactive ceramic glazes, Rene Ozorio has developed a pattern of unparalleled raw beauty. Embodying an imperfect style and a natural semi matte finish, no two pieces of these double-fired, hand-glazed items are alike, providing chefs with the ability to plate on organically inspired pieces.

Profiles in Elegance

Essence is a new shape in porcelain designed by Rene Ozorio. The collection of rimmed presentation and banquet plates, coupes, trays, and bowls provide a clean, modern look for tabletops and food presentation. For Rene Ozorio, Essence signifies "the return to the pure nature of white porcelain in a shape whose sculptural simplicity speaks of modernity." The thin, elegant profile provides a light & contemporary product that is durable and ideal for hotels & restaurants.

"In Praise of Shadows" ~ Jun'ichiro Tanizaki

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realization of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain color speak of quality and craftsmanship. "Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion." ~ Rene Ozorio

Thoughtfully Composed, Creatively Ozorio

Classic, yet contemporary porcelain, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

Manufactured in Portugal, Known for Beautifully Glazed Stoneware

Reminiscent of the dramatic landscapes and natural beauty of the Azores Islands of Portugal, the Folio Azores collection is comprised of tastefully organic stoneware. With graceful yet irregular shaped edges, Azores emulates the look of authentic, hand-thrown stoneware, designed specifically for casual dining and small bites. The reactive hand-applied glaze colors, are aptly named and inspired by the harmonious scenery of their namesake islands: Costa (white coast), Mar (blue sea), Ocaso (pink sunset), and Caldeira (black volcano).

Forager ☆☆☆☆

Handmade & Organic Appeal

Forager by Robert Gordon is designed with a carefully applied reactive glaze that free-flows over each shape to create a unique finish that is different on every piece. Featuring an unglazed bottom, this collection highlights the richness of raw materials through exposed stoneware and offers a handmade & organic appeal. From the creator himself, Robert "Andy" Gordon, he compares the signature tray design to "tree bark once used to gather things such as forage seeds, berries, and roots for the forest", hence its namesake, Forager. Unlike any other, these enduring & functional shapes are finished with a stamp of Andy's handwritten signature and will enhance any foodservice presentation.

Potter's Collection ☆☆☆☆

Unique, Natural, Extraordinary

The Potter's Collection by Robert Gordon includes an exciting and informal assortment of plates, platters, bowls and accessories in three unique colors: Pier, Shell and Storm. Each color has a distinct finish that is stunning on its own or can be beautifully mixed to create an unforgettable tabletop. The reactive glaze on Pier & Storm ensures that no two pieces of this Australian-designed porcelain will be exactly alike, and Pier's neutral taupe and Storm's deep blue color intensity varies from piece to piece. Shell features a satin, creamy-white finish with tiny flecks of dark brown throughout, making it the perfect canvas for your food presentation.

Natural & Eclectic

The Adelaide Collection from Robert Gordon consists of a reactive glaze finish on embossed porcelain wares. Birch, with its crackled glaze effect is fired three times in order to achieve the glossy translucent, creamy white color with the natural clay body showing underneath. Brown reactive glaze edges and embossments create an incredible color contrast, ultimately framing the food presentation.

Off Grid Studio

Authentic Stoneware

Gembrook, a creation by Potter Sam Gordon, pays homage to his ‘off grid’ lifestyle in the outskirts of Australia. Embracing their Off Grid lifestyle, Sam and his wife, Carrie, along with their three children, live on an off-the-grid property that borders a national park. It is here where his studio stands and where Sam draws on his inspiration in making his creations.

Embodying the organic nature of clay with its unique craftsmanship, Gembrook replicates the look and feel of hand-thrown stoneware and is a remarkable fusion of form & function, featuring a fully vitrified clay body and decorated with a reactive glaze.

- Hand-glazed stoneware
- Fully vitrified for added strength
- Contains everything needed for a complete tabletop

Fire ☆☆☆☆ NEW

Where Earth Meets Flame

Fire from Off Grid Studio is designed by Potter Sam Gordon to blend the look of hand-crafted pottery with modern durability. Inspired by the raw beauty of wood-fired ceramics, *Fire* captures the essence of this traditional process, where wood is the sole fuel and the kiln requires constant attention to reach and maintain high temperatures. As the wood burns, its natural minerals vaporize and interact with the clay, creating organic, brush-like glaze effects that only nature can achieve. Offered in three semi-matte glazes, Smoke, Timber, and Ember, each piece is intentionally reactive, showcasing unique highlights, subtle color shifts, and one-of-a-kind edge details. Available in nine shapes across coupe and presentation-style profiles, *Fire* pairs timeless craftsmanship with functional elegance for today's tabletop.

"Wood-fired ceramics is, in my opinion, the truest form of pottery;
the clay is dug from the earth, touched by hands, and transformed by fire." ~Sam Gordon

Gembrook ☆☆☆☆

The Essence of Hand-Thrown Stoneware

Gembrook consists of two colors, creamy white and deep gray, where each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity. Meanwhile, a handful of pieces flaunt a distinct indent, which mimics the thumb mark of the potter and creates a conversation piece for diners.

Rolled Edge & Narrow Rim ☆☆☆

A Nostalgic Casual Dining Favorite

Much-loved foodservice industry for decades, Rolled Edge & Narrow Rim is classic ivory dinnerware with a traditional appeal for most tabletop environments. Rolled Edge features a wide, food-framing rim and an appealing ivory finish. Bringing its own strikingly nostalgic charm to the table, Narrow Rim features a deep well which provides ample plating space for more generous portions and sauce-based entrées. The smaller rim also magnifies plating space and lends the impression of a more fulfilling portion, saving you precious tabletop real estate without sacrificing portion size.
The Alumina body offers exceptional durability and resists scratches, chipping, and center-plate impact. Its superior heat retention ensures that food will stay warm from the kitchen throughout the meal.

FlipSide ☆☆☆

Maximize Your Plating Area

FlipSide is a collection of couped shapes with an embossed rib design that accents both the inside and outside of each piece. While the embossments around the inside of the rim help frame the food, the embossments on the exterior provide a unique & natural grip for holding onto. The modern coupe shapes maximize the plating area, with rims that come up high enough to contain sauced presentations.

☆☆☆ Gothic

Serve with Continental Flair

Inspired by the dramatic and graceful pointed arches of the great European cathedrals, this traditional dinnerware lends timeless elegance to dining tabletops and interiors. Gothic® features a subtle lattice sculptured rim motif, evoking the enduring architecture of some of the most breathtaking structures in the world. Gothic enhances food presentation with its graceful lines and mirror-like finish in a high-fire glaze. Destined for the fashionably elegant dining experience, Gothic presents a thin profile, yet is highly durable and abrasion-resistant. A medium depth well contains sauces, and Gothic's lattice sculpturing on the rim provides beautiful food framing.

An American Icon™

One of the most collected dinnerware products in the world, the Fiesta® line was designed by Frederick Hurten Rhead and introduced to the American public by The Homer Laughlin China Company® in 1936. A.V. Bleininger brought the bright hues to the forefront, further popularizing the line. Introduced initially in just five colors, Fiesta was an unprecedented sensation. Today, Fiesta continues to add unparalleled character and vibrance to every table. Eleven bold colors complement each other beautifully and can be mixed and matched with different shapes to ramp up or dial down the color range to suit your unique presentation or culinary whims. Fiesta's classic—and now famous—Art Deco design, with its concentric rings and stunning colors, making it the quintessential statement of retro American style.

This custom finish is available on six stocked Walco patterns: Semi, Erik, Vogue, Classic Baroque, Lancer, and Star.

Customize any 18/10 flatware pattern!*

Add a vintage style to any of Steelite's 18/10 stainless steel flatware patterns by customizing it with a Fieldstone finish. This unique burnished finish adds a touch of character, creating a distinct aesthetic that eliminates the appearance of fingerprints. Care & Use of Hollowick Lamps

Care & Use of Hollowick Lamps

Note:
Do NOT put any Hollowick lamp, base or globe in a dishwasher.

Globes

Keep Hollowick globes sparkling clean by regularly handwashing them with warm water and mild detergent. Note: commercial dishwashing detergents may spot or dull fired-on colors.

Bases/lamps

Hollowick lamp bases are coated with finishes that protect and enhance the beauty of the lamps. Metal and wood bases should be cleaned with a spray furniture wax. This leaves a protective shine and allows for easy cleaning in the future. Resin and glass bases should be cleaned with a damp cloth and mild detergent.

Breakage due to thermal shock

Breakage and cracking are commonly experienced when traditional Wax tealights and votives are used in glass table lamps; especially with thicker glass lamps and globes. For this reason, Hollowick Lamps are not recommended for use with wax tealights and votives. The use of the proper Hollowick Liquid Candle will resolve this issue.

Liquid Candles ☆☆☆☆

Benefits of Liquid Candles

Cleaner and more convenient than traditional wax candles, this option delivers the most reliable advertised burn times while remaining non-staining, smokeless, and odorless. With operating costs of just pennies per hour, it's an efficient and hassle-free lighting solution.

Proper Use of Liquid Candles

In order to illuminate the colors and beauty of a lamp, select a liquid candle that sits low within the lamp and does not touch the sides.
