THE ART OF PRESENTATION

MICHAEL VITIELLO OWNER / CHEF • *Ristorante MV Bernardsville, NJ*

"The dining experience has many factors. To make it more than just an experience and make it a memorable one, theatre and details are a key factor; WE PRIDE OURSELVES ON THAT. Ristorante MV is an evolution from our roots in Brooklyn, NY, as a classical Italian restaurant, to a destination in New Jersey that many people wait months to experience. High-quality products and spirits are essential and showcased by the vessel. When we built MV, the glasses we used were very important to us. A drink does more than get you buzzed; it puts on a show. Working with Steelite, they helped us find glasses that opened the curtain to MV's cocktail program. From Steelite's elaborate collection, we selected glasses that are made in Italy. We take pride in representing our culture, and these glasses allow us to do so with every drink we PROUDLY serve."

SHELBY FARRELL CHEF DE CUISINE • *Four Flamingos in the Hyatt Regency Grand Cypress Resort Orlando, FL*

"My affinity for Steelite began when I first participated in culinary competitions. I came to appreciate the art of picking the perfect dish and how pairing food and a plate could be pivotal in the final experience, like traditional high art, where the frame one chooses requires as much thought and consideration as the artwork. Steelite has and always will provide me with the perfect framework to add that "je ne sais quoi" that elevates my food to the next level."

MAX ENNAMANY DIVISIONAL VICE PRESIDENT, CORPORATE BEVERAGE, LANDRY'S INC.

RICH PENNY VICE PRESIDENT OF CULINARY, LANDRY'S INC. *Chart House, Landry's Inc. Annapolis, MD*

"Beverage programming has never been more exciting than it is right now. Great innovation, exotic and fresh ingredients, and unique ice forms are all elements to help wow consumers. But, all can be lost if not presented in the right vessel", expressed Max Ennamany. "Steelite is a company who has kept up with those trends with their cutting-edge designs and forward thinking, fully aware of how important glassware is to the cocktail, beer, and wine industry", continued Ennamany. Rich Penny added "As big as this project was, one of the most important elements of it is our relationship that we have with Steelite, they go over and above with anything and everything we need. They bring the product to us, it's almost like they're part of our company because they know what I want, and they've always provided that for me and were a great partnership. I would never use anyone else."

ELIZABETH BLAU CEO OF BLAU AND ASSOCIATES AND CO-OWNER OF CROWN BLOCK &
KIM CANTEENWALLA PRINCIPAL & MANAGING DIRECTOR, BLAU & ASSOCIATES *Crown Block, Dallas, TX*

"At Blau and Associates, it's really our responsibility to understand and be ahead of trends and the direction of where our industry is going. Steelite is a great partner in making sure everything that we are doing is on the cutting edge", expressed Elizabeth Blau. "Steelite has been an incredible partner since I started in the restaurant industry. Their flexibility and customization allow us to truly exhibit our creativity. Steelite is a one-stop solution for us", continued Blau. Chef Kim Canteenwalla added, "Working with Steelite has always been a pleasure and an honor to do. They're very accommodating in a great way. I like the versatility of Steelite and what they have to offer."

You're not just setting a table. You're creating an experience, telling a story, sharing a culture – and food is at the heart of it. Food brings people together and connects them to tradition and inspiration.

simple, yet sophisticated

The Nordic region has become synonymous with a chef's skill in utilizing the very best local ingredients to develop a dish, and then presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform, and the Nordic range encompasses these shared design values. The simple yet sophisticated plate profile & strikingly irregular-shaped trays allow the chef space to present dishes that can 'breathe' while simultaneously being framed by a deep, gently curving rim. The result is a beautiful surface to showcase some of the most innovative and influential cuisine.

pure, modern, inspirational

The Signature Collection by Rene Ozorio is an exploration of shapes and material aimed at creating purity in lines and light. The nature of Fine Bone China offers a translucency that adds a special dimension to tableware. At the same time, it explores tableware in a sculptural way, invoking modernist architecture as can be seen in the lightness of each piece. Designer Rene Ozorio says he was inspired by the works of the Italian Master Gio Ponti whose architecture, furniture and tableware have a purity that made his work timeless. His decorative designs, forms, and colors were and still are an exercise in modern living.

handmade & organic appeal

Forager by Robert Gordon is designed with a carefully applied reactive glaze that free-flows over each shape to create a unique finish that is different on every piece. Featuring an unglazed bottom, this collection highlights the richness of raw materials through exposed stoneware and offers a handmade & organic appeal. From the creator himself, Robert “Andy” Gordon, he compares the signature tray design to “tree bark once used to gather things such as forage seeds, berries, and roots for the forest”, hence its namesake, Forager. Unlike any other, these enduring & functional shapes are finished with a stamp of Andy’s handwritten signature and will enhance any foodservice presentation.

the essence of hand-thrown stoneware

Gembrook, a creation by Potter Sam Gordon, pays homage to his 'off grid' lifestyle in the outskirts of Australia. Embodying the organic nature of clay with its unique craftsmanship, Gembrook replicates the look and feel of hand-thrown stoneware and is a remarkable fusion of form & function, featuring a fully vitrified clay body and decorated with a reactive glaze. Consisting of two colors, creamy white and deep gray, each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity. Meanwhile, a handful of pieces flaunt a distinct indent, which mimics the thumb mark of the potter and creates a conversation piece for diners.

mogogo's cover version of the archetype iconic market cart

These carts have existed for centuries for goods transportation and for merchandise displaying at markets around the world. Mogogo revives this concept, by updating the design and materials while respecting the past. Bent bamboo beams are the core of the Cantine Cart, giving the construction strength in a streamlined style. The lightweight bamboo structure is durable, and with additional decorative metal elements it creates a fine tension between a traditional look and advanced design.
