ILLUMINATING BEAUTIFUL MOMENTS

We envision lighting as far more than a functional necessity.

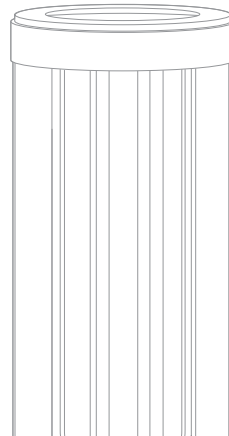

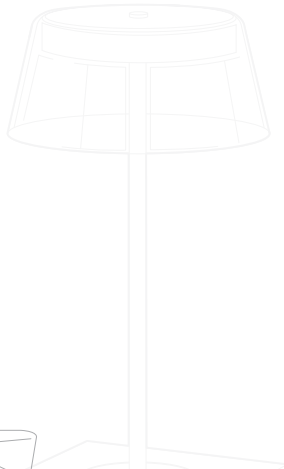

To us, lighting is a transformative force—an artist's brushstroke that paints the centerpiece of any space, activity, or social gathering.

We perceive light as an expression of art, the creator of ambiance, the purveyor of emotion, and the conductor of aura. It is the visual symphony that sets the rhythm of our experiences.

We believe in the untethered freedom of light—an element that breathes life into the mundane, serving both as a source of inspiration and an instrument of functionality.

“In the right light, at the right time,  
everything is extraordinary.”

— Aaron Rose

## SQUARE

LED: German technology by OSRAM SMD2835 | CRI≥80 | 2.5W | DC3.7V | 181lm

Battery: Li-ion 4400mAh | Charge time < 6.5 hours | Working time > 9 hours (100% light intensity)

Charging: Contact charging base | USB Power Adapter not included

Ratings : Safety Class III | IP65

CLEAR

■ Black

LED: German technology by OSRAM SMD2835 | CRI≥80 | 2.5W | DC3.7V | 200lm

Battery: Li-ion 4400mAh | Charge time < 6 hours | Working time > 9 hours (100% light intensity)

Charging: Contact charging base | USB Power Adapter not included

Ratings : Safety Class III | IP65

## VASE

☒ Green ☐ White

LED: German technology by OSRAM SMD2835 | CRI≥80 | 3.3W | DC3.7V | 270lm

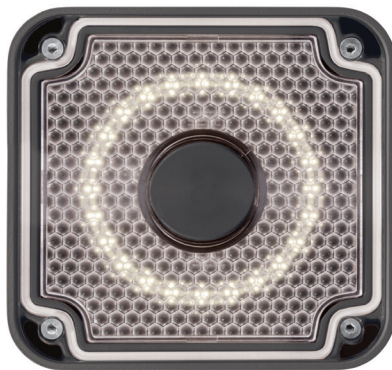

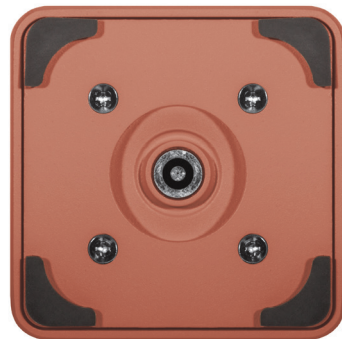

Battery: Li-ion 4400mAh | Charge time < 6 hours | Working time > 9 hours (100% light intensity)

Charging: Contact charging base | USB Power Adapter not included

Ratings : Safety Class III | IP65
